Announcements

[Workgroup For Equitably Involving People With Lived Experience In The Department Of Psychiatry](#) NEW

The Department of Psychiatry is committed to involving service users/people with lived experience (PWLE) in its core activities including our teaching/education, selection committees, and other core tasks. In response to this need, Drs. Amer Burhan and Sophie Soklaridis have been asked to lead a Workgroup that focuses on developing principles and an approach for the involvement of service users/PWLE in our teaching and education activities.

[School of Graduate Studies \(SGS\) Graduate Education Innovation Fund \(GEIF\)](#) NEW

The School of Graduate Studies (SGS) Graduate Education Innovation Fund (GEIF) is intended to support projects that create positive, innovative changes in the design and delivery of graduate education and to enrich the learning experience of graduate students at the University of Toronto. We would like to encourage Faculty members of the Department of Psychiatry with continuing appointments and holding Graduate Faculty Membership with SGS to consider applying for this funding opportunity. **Application deadline: November 1, 2022.**

[Celebrating Canadian Islamic History Month](#)

Islamic History Month is recognized across Canada each October, with this year marking the 15th anniversary of this celebration. This month is a time to educate ourselves on the historic and current contributions of Muslims in health care, medical education, and beyond.

[2021-2022 Annual Continuing Professional Development Awards](#)

Continuing Professional Development (CPD) is proud to annually recognize and celebrate the excellence, innovation and impact of our CPD community members through 8 different awards. Department members who are interested in applying can contact Dr. Raj

Rasasingham, Director of Continuing Professional and Practice Development,
at rrasasingham@hrh.ca by **October 31, 2022**.

[Donald Wasylenki Education Day - Poster Abstract Submission Open](#)

We are excited to announce that Donald Wasylenki Education Day will be held on Thursday, February 9, 2023. This year we will be hosting the event virtually again, more details to come. **The Abstract / Poster Submission Deadline is November 28, 2022.**

[MD Program Teaching Awards Committee - Call for Award Nominations](#)

The MD Program Teaching Awards recognize excellence and leadership in education. The department will work with the selected department nominees to prepare a full nomination package before the MD Program deadline. Interested applicants should submit a two-page nomination letter by **November 14, 2022**. The deadline to submit a completed nomination package to the MD Program Teaching Awards Committee is **January 16, 2023**.

Strategic Plan Update

[Upcoming Mentorship Workshops](#)

The Department of Psychiatry's mentorship groups provide a setting for faculty members to discuss different areas of scholarship and career support needs. We welcome both junior, mid-career, and senior faculty to register on a rolling basis, and attend as many or as few meetings as they need.

Nominations & Applications

Faculty Opportunities

Department of Psychiatry Excellence Funds - Call for Proposals

The Excellence Funds are the result of a University of Toronto Department of Psychiatry fundraising effort to provide seed funding for projects by junior faculty that align with the Department's strategic plan and priorities as expressed by the donors of funds. The three designated areas of priority are: Research, Education and Creative Professional Activity (CPA). Please note that funds designated by donors for the Research track are currently expended; as a result the 2022-2023 cycle of the Excellence Funds will be restricted to applications in Education and CPA. **Application deadline: December 12, 2022 by 5:00 pm.**

Labatt Family Research Fellowships in Depression Biology

The Labatt Family Network for Research on the Biology of Depression is designed to pioneer innovative approaches to depression biology research, advance our understanding of the biology of depression, and foster the next generation of research talent in this field. Part of this gift supports Labatt Family Fellowships in Depression Biology, which support the training of psychiatrist and non-psychiatrist post-doctoral fellows in research that has a primary focus on the biology of depression. **Application deadline: December 2, 2022, by 5:00 pm.**

Academic Scholar Grants Request for Applications

The Academic Scholar Grants are intended to support the career development of early-career fulltime status-only faculty members of the Department of Psychiatry who receive salary support to protect more than 80% of their time for academic activity and, thus, are not eligible to apply for an Academic Scholar Award. The Academic Scholar Grants will provide funding for a full-time thesis-based Master's student supervised by the grantee and in this way will contribute to the career development of the status-only faculty member. **Application deadline: November 25, 2022, by 5:00 pm**

MD Program Teaching Awards Committee - Call for Award Nominations

The MD Program Teaching Awards recognize excellence and leadership in education. The department will work with the selected department nominees to prepare a full nomination

package before the MD Program deadline. Interested applicants should submit a two-page nomination letter by **November 14, 2022**. The deadline to submit a completed nomination package to the MD Program Teaching Awards Committee is **Monday, January 16, 2023**.

2022 John Charles Polanyi Prizes

To honour the achievement of John Charles Polanyi, recipient of the 1986 Nobel Prize in Chemistry, the Ontario Government established a fund to provide John Charles Polanyi Prizes annually to up to five outstanding researchers or scholars who are in the early stages of their career and at Ontario universities. The prizes, each of which is valued at \$20,000, will be conferred in the fall of 2023. They are available in the areas of Physics, Chemistry, Physiology or Medicine, Literature, and Economic Science, broadly defined. **Application deadline: November 9, 2022.**

2023 Pillar Sponsorship Program

Apply for \$10,000 flat in sponsorship funding for your Impactful Initiative! This year, sponsorship applicants are asked to "Tell Us Your Story". We want to hear about how your club, event or program impacts the U of T community and the world. **Application deadline: November 2, 2022.**

School of Graduate Studies (SGS) **Graduate Education Innovation Fund (GEIF)**

The School of Graduate Studies (SGS) Graduate Education Innovation Fund (GEIF) is intended to support projects that create positive, innovative changes in the design and delivery of graduate education and to enrich the learning experience of graduate students at the University of Toronto. We would like to encourage Faculty members of the Department of Psychiatry with continuing appointments and holding Graduate Faculty Membership with SGS to consider applying for this funding opportunity. **Application deadline: November 1, 2022.**

2021-2022 Annual Continuing Professional Development Awards

Continuing Professional Development (CPD) is proud to annually recognize and celebrate the excellence, innovation and impact of our CPD community members through 8 different awards. Department members who are interested in applying can contact Dr. Raj

Rasasingham, Director of Continuing Professional and Practice Development,
at rrasasingham@hrh.ca by **October 31, 2022**.

Request for Applications, Miner's Lamp Innovation Fund in Prevention and Early Detection of Severe Mental Illness

The University of Toronto's Department of Psychiatry has received a series of generous gifts on behalf of the IAMGOLD Corporation to support research studies that are designed to impact the trajectory and outcome of serious mental illness in adolescent and young adult patient populations, with a focus on prevention and early detection. [View the Request for Applications that provides details about the application process.](#) A letter of interest must be submitted by **5:00 pm on October 28, 2022**.

IMPACT [Untangling the relationship between sexual functioning and antidepressants](#) 

Many people who take antidepressant medications to treat depression experience disruptions in their sexual functioning, and it is frequently cited as a reason that people stop taking antidepressants. But how can we judge if medication or depression itself is the root of the problem? **Dr. Venkat Bhat** and his team are working to untangle the relationship between antidepressant medication and sexual functioning at a deeper level.

Professional Positions

U of T and Affiliated Hospitals

[Community Outreach and Outpatient Psychiatrist \(Lecturer/Assistant/Associate Professor\) - St. Michael's Hospital](#)

Applicants must be eligible for full-time clinical academic appointment at the University of Toronto. The successful candidate must hold a Medical Degree and be eligible for
